Notice of Funding Availability

Round 5 SBIR/STTR Direct Financial Assistance Grant

The New Jersey Commission on Science, Innovation and Technology (CSIT) accepts online applications for the Small Business Innovation Research and Small Business Technology Transfer (SBIR/STTR) Direct Financial Assistance Grant (“Grant Program”) on a rolling basis. at <https://www.njsit.gov>. [Comprehensive information about the program can also be found using this link.](#) Questions concerning this Program and Notice of Funding Availability should be submitted to csitsbir@njsit.gov. This Notice of Funding Availability has an effective date of January 15, 2026.

1. This Grant Program is for businesses that are participating in or applying for the Federal SBIR and STTR programs. As of December 31, 2025, The Grant Program has an available budget of \$1,050,000 to fund approximately 22 Direct Funding awards and 10 Bridge Funding awards. Direct Funding for SBIR/STTR Phase I, Fast Track or Direct to Phase II award/contract winners (“Direct Funding Grant”). Each Direct Funding Grant is for \$25,000.
2. Bridge Funding for SBIR/STTR Phase II applicants (“Bridge Funding Grant”). Each Bridge Funding Grant is for \$50,000.

Applications will be accepted on a rolling basis until program funds are exhausted. If applicants meet all eligibility criteria and funding is available, an award will be made. No fees will be charged to apply for this program. The total funding and potential award amount are based upon current information about funding availability. CSIT reserves the right to increase that award amount and number of awards should additional funds become available.

Applicants cannot simultaneously apply for both grant components using the same Federal award. Applications may only be submitted for either the Direct Funding Grant or the Bridge Funding Grant with any one Federal award. (Additionally, applicant must have a current active Federal Phase I award in order to apply for the CSIT Direct Funding Grant.

Purpose

CSIT has established this SBIR/STTR support program in New Jersey to enhance the State's innovative economy by providing technical and financial support to small businesses participating in, or seeking to participate in, the Federal SBIR/STTR programs. SBIR/STTR are highly competitive three-phase award programs which provide qualified small businesses with opportunities to propose innovative ideas that meet the specific research and development needs of the Federal government. The goals of the programs are to:

- Stimulate technological innovation.
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by women and socially or economically disadvantaged populations; and
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

Program Overview and Eligible Uses

The Grant Program has three objectives; all of which help grow the innovation economy in NJ:

- i. Increase the success rate of NJ grant applications seeking Federal funding for SBIR/STTR programs
- ii. Reduce the financial burden for small NJ companies that have won a Phase I, Federal SBIR/STTR Fast Track or a Direct to Phase II award
- iii. Increase the success and maximize the growth of small NJ companies moving from Phase I to Phase II of the Federal SBIR/STTR program

The CSIT SBIR/STTR Direct Financial Assistance Grant Program funding can be used to maintain project activities, support research and development, and cover general operating costs.

Grants will be awarded on a rolling basis as long as Program funds are available.

Direct Funding Grant for SBIR/STTR Phase I, Fast Track, or Direct to Phase II Federal Applicants:

Phase I of the Federal SBIR/STTR program is intended to establish technical merit, feasibility, and commercial potential of the proposed R&D efforts. Federal Phase I awards normally do not exceed \$300,000 total costs for 1 year. CSIT will provide a Direct Funding Grant of \$25,000 to eligible NJ small businesses that have an active Phase I, Fast Track or Direct to Phase II Federal award/contract. The CSIT Direct Funding Grant can help to increase the intensity of their research, strengthen commercialization plans, reduce the financial burden on these growing small businesses by covering operational expenses and become more competitive for the Federal Phase

II funding.

Bridge Funding Grant for Phase II Federal Applicants:

The gap between application and award notice for Phase II of the Federal SBIR/STTR program can be up to six (6) months, and it is during this period that small businesses often struggle to secure funding and maintain operations. CSIT will offer grants of \$50,000 to NJ small businesses that have successfully completed Phase I of Federal SBIR/STTR program and have submitted a Federal Phase II SBIR/STTR application but have not yet received a response to their Phase II application. The funding is intended to enable NJ small businesses to maintain operations while waiting on Phase II awards

Eligibility Criteria

To be eligible for this Grant Program, the applicant must meet the following criteria, as specified per grant, at the time of submission and throughout the application review period. Applicants must send a notification to csitsbir@njcsit.gov if there are any changes to their eligibility status after submission of an application and prior to any award notification.
